Yá'át'ééh and Greetings to Students, Parents and Guardians,

On behalf of the Leadership Team, I extend a warm welcome to the new 2026-2027 school year. The Student Parent Handbook has been developed to serve as a comprehensive guide, detailing our collective expectations, procedures, and avenues for achievement.

The Bureau of Indian Education (BIE) maintains a clear and impactful mission: *"In partnership with tribal nations, the BIE promotes a culturally-based, comprehensive education that prepares and empowers students to be healthy and successful."*

Please take the time to review this handbook, as it provides essential details regarding our policies and outlines various opportunities for engagement within the school community. Your involvement—whether through attending events, participating in parent meetings, or maintaining communication—significantly contributes to your child's educational experience.

Thank you for trusting us with your child's education. Together, we can make this school year a time filled with progress, success, and valuable opportunities.

Warm regards,

Emily K. Arviso
Associate Deputy Director
BIE Navajo Schools

Bureau Of Indian Education (BIE)

Vision

Uniting to promote healthy communities through lifelong learning.

Mission

The mission of the BIE is to provide students at BIE-funded schools with a culturally relevant, high-quality education that prepares students with the knowledge, skills, and behaviors needed to flourish in the opportunities of tomorrow, become healthy and successful individuals, and lead their communities and sovereign nations to a thriving future that preserves their unique cultural identities.

Program Goals

Following are the goals of the BIE:

1. All students meet or exceed academic proficiency levels in reading and/or English Language Arts (ELA), science, and mathematics.
2. All schools provide a safe and secure environment by decreasing incidents of violence and substance abuse by a minimum of 2% annually.
3. Student attendance meets or exceeds the United States rural attendance rate.
4. All schools enhance the professionalism of staff to improve education programs for student success through:
 5. requirements for staff to have appropriate certification;
 6. comprehensive systemic and ongoing professional development;
 7. recruitment and retention of highly qualified educators; and
 8. development of leadership using best practices.
9. Achieve a high school graduation rate of 95% or higher.
10. Each school provides curriculum and instruction in tribal languages and/or cultures, as approved by the local school boards.

BIE Navajo District Description

BIE Navajo operates under one Associate Deputy Director. The five Education Resource Centers (Crownpoint, Shiprock, Window Rock, Chinle, and Tuba City) provide support for the 66 BIE-operated and grant schools in the Navajo Nation within the states of Arizona, New Mexico, and Utah. These schools provide primary, as well as secondary, education. Nineteen of the BIE schools in the Navajo District have residential programs.

Navajo Plan and the BIE Strategic Direction

Initially, the Navajo District developed a plan to support all 66 BIE-funded schools prior to the development of the BIE's [Strategic Direction](#). Nevertheless, the BIE Navajo Plan, which originated in 2012, lent itself to the *Commitment to the Navajo Learner* within the BIE's Strategic Direction planning.

Pillars of the Navajo Plan

Following are the pillars of the Navajo Plan:

Pillar I: Continuous Improvement Using Data

Use data from standards-based assessments and benchmarks to improve effective instruction, student learning, and achievement.

Pillar II: Leadership and Decision Making for Change

Build leadership's capacity to implement innovative changes to foster student achievement.

Pillar III: Curriculum and Instruction

Develop a strong curriculum using College and Career Readiness Standards, and build teacher capacity to deliver effective instruction resulting in increased student achievement.

Pillar IV: School, Parent, and Community

Implement innovative strategies developed through the collaborative efforts of the school, parents/guardians, and community to support each child's educational experience.

Goals of the Navajo Plan

Goal 1: High Quality, Early Childhood Education

All students enter kindergarten academically, socially, and emotionally prepared to succeed in school.

Goal 2: Wellness, Behavioral Health, and Safety

All students develop the knowledge, skills, and behaviors necessary for physical, mental, and emotional wellbeing in a positive, safe, and culturally relevant learning environment.

Goal 3: K-12 Instruction and High Academic Standards

All students develop the knowledge, skills, and behaviors necessary to progress successfully through school and are prepared for postsecondary education and/or career opportunities.

Goal 4: Postsecondary and Career Readiness

All students graduate from high school ready to think globally and succeed in postsecondary study and careers.

Goal 5: Self-Determination

All students develop the knowledge, skills, and behaviors they need to lead their sovereign nations to thriving futures through self-determination.

Goal 6: Performance Management

All students benefit from an education system that is effective, efficient, transparent, and accountable.

District Priorities

The Navajo District has identified five priorities for all Navajo District BIE-funded and operated schools, as follow:

- College and Career Readiness Standards

- Professional Learning Communities
- Navajo Language and Culture
- Increased Stakeholder Engagement
- Fiscal Efficacy

Performance Standards for Quality Schools

[Cognia](#) is a non-profit, non-partisan accreditation organization that conducts rigorous, on-site external reviews of PreK-12 schools and school systems to ensure that all learners realize their full potentials. Cognia provides tools and resources to schools and school systems to support ongoing comprehensive analyses to drive continuous improvement now and into the future.

Academic Information

BIE College and Career Readiness Standards

The BIE has adopted the College and Career Readiness Standards (CCRS) for English Language Arts (ELA), mathematics, Next Generation Science Standards, and English Language Proficiency Development. The BIE-BOS Navajo schools, the Dine' Language/Culture and Government/History standards are also part of the curriculum.

Following reference the BIE's academic standards:

- BIE College and Career Ready Standards in Math, K-12 (Alternate aligned to CCRS)
- BIE College and Career Ready Standards in English Language Arts, K-12 (Alternate aligned to CCRS)
- Next Generation Science Standards/BIE College and Career Ready Standards (Alternate aligned to CCRS)
- English Language Proficiency Development Standards

The White House Initiative on American Indian and Alaska Native Education leads the President's [Executive Order 13592](#), signed December 2, 2011, Improving American Indian and Alaska Native Educational Opportunities and Strengthening Tribal Colleges and Universities: [Executive Order on the White House Initiative on Advancing Educational Equity](#).

K-8 Programs

The BIE schools include instruction in the following content areas: English Language Arts (ELA), writing, math, science, and social studies. The schools also provide special education, as well as gifted and talented services. Schools may offer the following extracurricular activities/programs:

- | | |
|---------------------------|--------------------------------|
| • FACE* | • Math/Literacy/Science Nights |
| • Science Fair | • Computers |
| • Spelling Bee | • Navajo Language/Culture |
| • After-School Activities | • MLSS |
| • Athletic/PE Programs | |

*In 1990, the Bureau of Indian Education (BIE) initiated the Family and Child Education (FACE) program, an integrated model for an American Indian early childhood education/parent/guardian involvement program. The FACE program primarily serves families with children prenatal to five years of age by providing early childhood, parenting and adult education services.

BIE Unified Assessments

T’iis Ts’ozi Bi’Olta’ uses several assessments to measure the progress and achievement of all K-8 students. All schools use two basic types of assessments: formative and summative. Formative assessments help teachers identify where students need to improve. Summative assessments help teachers measure what a student knows or can do.

	Formative Assessment	Summative Assessment
When	Throughout the course	At the end of an instructional period
Why	Provides teachers feedback from students to guide their instruction	Provides evidence of a student’s knowledge, skill, or proficiency
Example	Taking polls, exit tickets, student self-assessments, informal interview with student	Midterm exam, final paper, research project, presentation

Schools administer the BIE’s unified assessments to all third to eighth grade students to measure proficiency in English Language Arts (ELA) and mathematics.

Valedictorian and Salutatorian

The school selects the valedictorian and salutatorian from students within the promoting cohort. The school determines who becomes valedictorian and salutatorian, based on grade point average.

Grade Level Promotion

As stated in 25 C.F.R. § 36.31, a student advances to the next grade level based on measurable mastery of instructional objectives for the current grade. A student repeats his or her grade level if he or she fails to participate in at least 160 instructional days per academic term or 80 days per semester.

A student may only advance and have participated in fewer than the specified number of instructional days if he or she has excused absences and/or has participated in an approved alternative instructional method or program. If a student has a compelling reason or extenuating circumstances that sufficiently explain absences, then a school committee may review a promotion decision. The school committee reviews promotion decisions on a case-by-case basis.

K-8 Academic Support Services

T’iis Ts’ozi Bi’Olta’ has developed many support programs to help students succeed academically. We strongly encourage all students to take advantage of the opportunities the schools offer to stay on track with their educational plans and for high school students to graduate with their cohorts.

Support services may include the following:

After School Homework Support/Tutoring

A student may stay after school to get homework support with his or her classes after having made prior arrangements with a specific teacher or staff member. Tutoring is available for all students who are failing a class at any given time.

Summer Programs

The school may offer summer programs that include camps, college campus visits, workshops, academies, and other forms of enrichment.

Support Services

The school makes support services available for students with special learning and/or behavioral needs. Support services may include an extended school year.

Multi-layered System of Support (MLSS)

A multi-layered system of support is a coordinated and comprehensive framework that uses increasingly intensive evidence-based academic and behavioral supports to address student needs as evidenced by student data. It is a model for holistic school improvement that provides progress measures for additional supports such as school-based team structures, training, health and wellness, and family and community engagement.

Maintenance and Control of Student Records in Bureau Schools

Definitions

- inspect and review only the portion of such material or document that relates to the student or to be informed of the specific information contained in such part of such materials.

Limitations on Access

The school is not required to make available to students: (a) financial records of the parents/guardians of the student or any information contained in those records; (b) confidential letters and statements of recommendations, which were placed in any student's record prior to January 1, 1975, and which are not used for purposes other than those for which they were specifically intended; (c) records exempt from the definition of student records.

Procedures for Granting Access

Parent(s), legal guardian(s), or eligible student(s) should submit a written request to access their child(ren)'s record. The school grants access within forty-five (45) days after the parent(s), legal guardian(s), or eligible student made the request.

1. The hearing shall be conducted and decided within a reasonable period following the request for the hearing.
2. The hearing shall be informal, and a verbatim record of proceedings will not be required. Interpreters will be utilized when necessary.
3. The hearing shall be conducted by an institutional official or other party who does not have a direct interest in the outcome of the hearing.
4. The parents/guardians or eligible student shall be given a full and fair opportunity to present evidence relevant to the issues regarding challenging the content of the student's record.
5. Within a reasonable period after the hearing ends, the hearing official shall make his or her recommendation in writing to the head of the educational institution. Within 20 days after receipt of the recommendation, the head of the institution shall issue their decision in writing to the parent/guardian or eligible student.

Right to Appeal

If any parent/guardian or eligible student is adversely affected by the decision of the head of the institution, that party shall have appeal rights as given in [25 C.F.R. Part 2](#). The adverse decision shall include a statement that the decision may be appealed pursuant to 25 C.F.R. Part 2, identify the official to whom it may be appealed, and indicate the appeal procedures. However, each official decision shall be issued within 30 days from receipt of the appeal.

8. In an emergency, any person to whom the information is necessary at the discretion of the school's administration to protect the student's health and safety, subject to [25 C.F.R. §43.17](#). The factors to be used in determining whether records may be released under this section include the following:
 - a) The seriousness of the threat to the health or safety of the student or other persons

Part 43, as well as the Privacy Act of 1974 ("Privacy Act"), 5 U.S.C. § 552(a), the Department of Interior's (DOI) implementing regulations at 43 C.F.R. Part 2, and DOI's System of Records Notice for BIE records permit the release of directory information. The primary purpose of directory information is to allow BIE to include information from your child's education records in certain school publications. Examples include:

1. A playbill, showing your student's role in a drama production;
2. The annual yearbook;
3. Honor roll or other recognition lists;
4. Graduation programs; and
5. Sports activity sheets, such as for wrestling, showing the weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

Per 25 C.F.R. § 43.20 directory information may include the following:

1. Student name
2. Address
3. Telephone listing
4. Date and place of birth
5. Major field of study

6. Participation in officially recognized activities and sports
7. Weight and height of members of athletic teams
8. Dates of attendance
9. Degrees and awards received
10. The most recent previous educational agency or institution attended by the student
11. Tribe
12. Agency
13. Area
14. Name of parent/guardian
15. Sex
16. Classification (grade)

The school may release student directory information without prior parent/guardian consent unless the parent/guardian informs the principal within 10 days of receipt of this manual that any or all of the student information may not be released.

Admission/Registration

All prospective students are subject to an administrative records review prior to admission, as applicable. Students who wish to enroll must have a parent/guardian present at the time of enrollment and must meet the following conditions and requirements:

1. Each student must provide an up-to-date immunization record. All children shall be immunized in accordance with the regulations and requirements of the standards of the Indian Health Service or the state in which they attend school.
2. Students who apply for admission must demonstrate membership in a federally recognized tribe.
3. If a student cannot demonstrate membership, he or she must demonstrate that he or she is a direct descendent of an enrolled member of a federally recognized tribe and be at least one-fourth total degree Indian blood. The student must also provide a Certificate of Indian Blood (CIB)
4. Each student must provide a birth certificate or other documentation establishing guardianship or parentage.
5. To enter high school, incoming freshmen must provide proof of successful completion of eighth grade requirements.
6. Prior to enrollment, students who have been under suspension or in disciplinary proceedings at another school are required to participate in documented counseling sessions. Sessions serve as opportunities to review the school's expectations and rules to address any concerns students may have.
7. Students must participate in the sessions if they are or have been
 - a) currently under suspension;

- b) currently involved in disciplinary proceedings;
 - c) expelled for criminal offenses;
 - d) expelled for violent behavior; or
 - e) previously violated the school's substance abuse policy and is seeking re-enrollment.
8. To enroll, each student must have all current transcripts (grades, credits, and attendance) and test data (state and EL). Students/parents/guardians must also provide IEPs and/or section 504s if needed to provide appropriate support and accommodations.
 9. Students who reside outside the attendance boundaries of a school must have out-of-boundary waivers approved by the school board.
 10. Transfer students must enroll within the first 10 days of the fall or spring semester. All transfers are subject to administrative approval.
 11. The school accepts transfer students only if there is space available within their proposed schedules/grades.
 12. Upon admission, students must inform the principal or registrar if they have any known medical issues, including food allergies. School officials disclose this information to the appropriate staff and make referrals to the school's Section 504 Coordinator.
 - a) The school may deny students enrollment if they pose direct threats to the health, safety, or welfare of staff, faculty, students, or themselves. Students denied enrollment may appeal in accordance with the appeal process.

Attendance

Students can succeed only if they regularly attend school. They need continuity of instruction and frequent engagement with the material to grow and make academic progress. The school expects students to be at school, on time, every school day.

A school day is defined as normal class hours that begin the moment students step onto school property (for example, campus, school bus, government vehicle) and end the moment they would normally step off school property. Students and their families must ensure students arrive on time and miss school only when necessary. Academic progress and growth are largely dependent upon engagement and continuity of instruction.

The [Code of Federal Regulations at 25 CFR § 36.31](#) mandates: "A student who has not participated in a minimum of 80 instructional days per semester without a written excused absence shall not be promoted. A school board or a school committee may review a promotion decision and, if warranted due to compelling and/or extenuating circumstances, rescind in writing such action on a case-by-case basis."

1. Absences may impact student performance and final grades.
2. The school automatically disenrolls students from the school register when they have missed 10 consecutive days.
3. Prior to removing students with disabilities from enrollment pursuant to the 10-day policy of consecutive absence, it is essential that prior written notice is provided to parents/guardians. [34 C.F.R. § 300.503](#). The prior written notice should detail the outreach efforts that were made as

well as indicating that the student can be re-enrolled at any time. Re-enrollment procedures should be made available with the prior written notice.

The school considers re-enrollment on a case-by-case basis.

If a parent/guardian or student believes that a student's attendance has been incorrectly documented, they can contact the school administrator within 10 days of the end of the quarter in which the attendance was incorrectly documented to discuss the issue.

Types of Absences (NASIS Attendance Codes)

Unexcused Absences

Unexcused with permission absences (AU)

An unexcused absence with permission occurs when the student is absent with the permission/knowledge of his or her parent/guardian, and the reason does not justify an "Excused absence (AE)." Unexcused absences with permission include, but are not limited to: family vacation, babysitting, helping at home, missing the bus, trip to town, no one home. Teachers should allow students to make up work missed due to unexcused absences with permission for full credit.

Truancy (A)

A student is truant when he or she is absent without permission or knowledge of the parent/guardian. If a student does not submit an excuse note from a parent/guardian within three days of his or her return to school, the teacher marks the student truant.

The student is responsible for making up the assignments he or she missed. The individual teacher determines how much credit to give the student for the work he or she makes up. However, regardless of the credit the teacher gives the student, the student should make up missed assignments to help ensure mastery of the subject matter.

Class Cutting (AC)

A student cuts class if he or she is present at school but misses one or more classes during the school day without a valid excuse. The teacher may determine how much credit he or she gives the student, but regardless of the credit, the student should make every effort to make up the assignments he or she missed to help ensure mastery of the subject matter.

Excused Absences

Excused Absences (AE)

An excused absence is an absence for which the student provides *written documentation* within three days following his or her return to school. Written documentation should indicate the reason for the absence, as follows: illness, medical/dental appointment, death of a close family member (parent/guardian, sibling, grandparent, aunts/uncle, or as otherwise determined by the school), religious ceremony, court appointment or compliance with a court order.

The school requires a medical doctor's statement for any absences over three days due to illness. Teachers must allow students to make up work they miss for full credit due to excused absences.

School Activity (SA)

The school codes classes students miss because of school activities (field trips, extracurricular activities, testing, etc.) as SA. These missed classes do not count toward the total absences. SAs are excused, and students may make up any work missed. When possible, students should check with their teachers and get the makeup work prior to the absence.

Other Types of Attendance Markings

In-School Suspension (ISS)

The school expects students to report to school at the normal hours without participating in their normal classes or school schedules. Instead, must independently complete classwork and may not interact with peers.

Students should pick up their classwork on the day prior to their ISS assignments. ISS students should complete and submit make up work for each of their classes. The school does not treat ISS as an absence but instead denotes it as ISS.

Out-of-School Suspension (TA)

The school marks students who serve out of school suspension as TA. TA students may not make up missed work.

Homebound (HB)

The school marks Homebound students as HB and may put students who are out of school for extended periods on HB status. HB status may be appropriate for circumstances such as hospitalization, doctor-verified disability, pregnancy, participation in ceremony, death of a close family member (parent/guardian, sibling, grandparent, aunt/uncle, or as otherwise determined by the school), or court ordered confinement, or in situations where the student poses a direct threat to health, safety, or welfare of the school, staff, or students. HB status requires the approval of the principal or designee.

The school has an obligation to provide students on HB status with academic services. HB students should complete and submit make-up work for their classes. The school makes reasonable efforts to provide students with information about missed classwork.

The terms of the HB Agreement defined in writing. The school may revoke the HB Agreement for any student who does not abide by or fulfill its requirements. The school maintains documentation of services it provides to HB students.

Attendance Procedures and Policies

Any student who arrives after the start of the school day must sign in at the front/security office to receive a pass to class. The school counts attendance from the first day through the last day of the academic year.

The school asks parents/guardians to contact the attendance clerk/front office by telephone on the day of an absence to provide an excuse for their child's absence. However, the student is still expected to provide written documentation when he or she returns to school from the absence.

If a student returns to school without a note or phone call from the parent/guardian explaining the reason(s) for the student's absence, the school codes him or her as truant. The attendance clerk/front office attempts to contact the student's parent/guardian for an explanation. *If the school cannot make*

contact, the student and his or her family have only three school days following the absence to provide a written explanation for the absence.

The school requires an Attendance Contract and a parent/guardian conference with an administrator for five or more unexcused absences, or upon the student's fifth instance of truancy.

The school requires an Attendance Contract and a parent/guardian conference with an administrator for ten or more unexcused absences, or upon the student's tenth instance of truancy.

Students and Parents/Guardians are offered services including creating an attendance plan, and meeting with the school official, teacher, and administrator.

1. 0 Absence/tardy/early checkout- Attendance Incentives
2. 1 unexcused absence, every unexcused- Message/Call will be sent to parents/guardian
3. 3 consecutive unexplained absences- school registrar will inquire about student's absences and document parent contact.
4. 5-8 unexcused absences- the school registrar will refer the student to the SAT process and mail a Notification for SAT meeting to the parents/guardians. Home Visit or parent conference with school official to agree upon an attendance and academic improvement plan will include notification of future SCAN and/or grade level retention.
5. 8 unexcused absences- eight or more days of unexcused absences within a school year are considered excessive and may require a doctor's note to excuse subsequent absences.
6. 10 unexcused absences- after 10 unexcused absences within a school year, the school will file a SCAN with the Navajo Nation Division for Children and Family Services.
7. 18 absences- A student that is absent more than 10 percent (18 days) of the required number of school days per year is considered to have "excessive absences" whether the absence is excused or unexcused. The student will be retained at grade level.

Tardiness

Students are tardy if they are more than 10 minutes late for the first class of the day or exceed the time allotted for transition between classes. Students are subject to discipline (See Discipline Ladder).

Students are tardy if they are not in the classroom ready to learn by more than 10 minutes after the start of the school day.

The following interventions will be followed for tardies that occur within a semester:

1. **1st tardy** – Encouragement by attendance person at office.
2. **3rd tardy** – Parent/guardian notification via email/call. Reminder of tardy policy. Documentation will continue. Student conference and develop a plan.
3. **5th tardy** - Teacher will refer student to the SAT Team.
4. **7th tardy** – Parents will be required to meet and develop a family plan to reduce tardiness.
5. **10 tardies or more** - Excessive or chronic tardiness will be placed on an attendance and academic improvement plan.

Class Cuts/Ditching

The school prohibits class cutting. Students who cut classes are subject to discipline (See Discipline Ladder).

Early Checkout

Parents/guardians may check student out of school. In addition, a person older than 25 years of age may check out a student if the parent/guardian has authorized the person on the checkout form. Students, even if they are 18 years of age or older, may not check themselves out of school.

The administration recommends checkout during class time in emergencies only. The school health technician/administrator approves early checkout for sick students, without the approval of a doctor or a doctor's note. The school codes any resulting absence as an excused absence (AE). The school handles absences due to early checkout like any other absence.

No checkouts after 2:30. Checking out a student during a testing period is strongly discouraged because the student will not be able to complete or make-up the test.

Attendance Incentives

The administration offers incentives to individual students and groups of students for attending school regularly.

Attendance Contract

A student will have a conference with an administrator and at least one parent/guardian if he or she accumulates five or more unexcused absences or after he or she is truant for the fifth time. During the conference, the parent/guardian, student, and administrator agree upon and sign an Attendance Contract, an agreement that ensures the student does not fall further behind in classes. The counselor or designee schedules this conference.

As a part of the Attendance Contract, the student may be subject to one or more of the following:

- Assigned peer or adult mentor
- Required after school homework help
- Suspension from athletics/school activities
- Revocation of non-emergency early checkout
- Parent/guardian escort of child to school
- Required residential program enrollment

Students will learn and always follow all school rules and procedures while on campus or school property (including school vehicles/buses) and during school-sponsored activities, regardless of location.

1. Students will follow directions of school staff.
2. Students will clean up after themselves.

3. Students will report any safety hazards (for example, faulty electrical outlets or appliances, unsafe equipment, broken windows, exposed wires, unsafe playground equipment, etc.) to a staff member.
4. In case of a school-wide emergency (for example, electrical outage, bomb threats, gas leaks, lock-down), the staff and students will follow the Crisis Management Guide and the instructions of the school staff.
5. Students will follow the schools drug policy while on school grounds, campus, school buildings, surrounding grounds, dormitories, school vehicles, and at school sponsored activities.

Students may never have alcohol, drugs (including THC products), cigarettes, e-cigarettes/vaping devices, chewing tobacco, rolling tobacco, or any other federally controlled substances in their possession. They also may not have any related paraphernalia, including, but not limited to, rolling papers and pipes of any kind. The school deals with violation of this policy in accordance with the disciplinary process.

1. Students will report all unauthorized persons/stranger(s) on campus to school personnel.
2. Students will report any person on campus suspected of behaving unsafely and/or carrying alcohol, drugs, drug paraphernalia, e-cigarettes/vaping devices, and/or weapons to school personnel.

5. The school prohibits skateboards, hover board, and Heelys Shoes due to safety concerns.
6. Students will return all school property in good condition. School property includes any equipment, supplies, textbooks, and equipment (including athletic equipment) that the school issues to students.

If a student returns school property in poor condition, the school bills the student and/or parent/guardian for its replacement. The school may withhold diplomas and certificates of completion until a student clears any pending financial obligations with the school. The school is not responsible for loss or damage to personal property students bring onto the school campus.

Closed Campus

Each school places a very high priority on the safety and security of students and staff. Therefore, the administration requires all visitors (individuals not currently enrolled at or employed by each school) to sign in at the front office upon arrival to receive an official visitor's pass. Visitors may not go beyond the front office without an escort or proper clearance. Students and staff are expected to inform the office of the presence of any unregistered visitor on campus.

Only currently enrolled students, approved guests, faculty, and staff may attend school sponsored closed events (such as the prom or other dances.) The school allows visitors at such events if they have prior approval in accordance with the rules and guidelines included with the Visitor Guest Registration Form. The school has unapproved visitors escorted from the premises, either by school personnel or by local law enforcement.

Students will remain on campus, as designated by the school administrator, for the entire school day. Students may leave campus only if they have been officially checked out of school.

Dress Code

Students will follow the school's dress code from the time they arrive on school property (including the school bus) until they depart. The school promotes cultural values to prepare them for success in life.

1. Logos or graphics on clothing and accessories (backpacks, purses, bags, belts, shoes, wristbands, shoelaces, coats, head gear, gloves) must not contain foul language, skulls, sexual innuendo, references to sex, drugs, alcohol, violence, and/or death.
2. Bottoms/lower body clothing (pants, shorts, tunics, dresses, and skirts) must fit at the waistline and may not be more than three inches above the knee. Pajama bottoms are not allowed.
3. Clothing may not have holes or be torn and ragged.
4. Tank/muscle tops and tube/halter tops are not allowed.
5. Clothing must cover cleavage, bellies, shoulders, and backsides; undergarments should not be visible.
6. Students can wear leggings/jeggings under tunics, skirts, or dresses, but not alone.
7. Students should wear proper footwear (flip-flops and/or slippers should be avoided due to safety).
8. Gang-related attire, accessories, insignia, colors and belts (colored canvas/cloth, extra-long) are prohibited.
9. Tattoos, body markings (pens, permanent markers, henna), body mutilations (eraser burns, cutting oneself), as well as body piercing are not permitted.
10. Chains, spikes, brads, adornment, or any other accessories that may be used as a weapon or damage school property are not allowed.
11. Face painting, masks, and excessive makeup that hide one's face are not allowed.
12. The use of non-prescription decorative contact lenses (for example, cat eyes, vampire eyes) that causes distraction to the educational process are prohibited. Head gear (hat, hoodie, beanie, and visor) is not to be worn in any building on campus during school hours, except for special school-approved occasions.
13. Personal headphones/ear buds are not to be used between 7:30 AM and 3:00 PM.

The school asks students who violate the dress code to correct the violation without delay. If a student refuses to conform to the dress code, the school may confiscate the offending object or article of clothing, and/or the student may be subject to disciplinary action as deemed appropriate by the administrator.

If a student repeatedly violates the dress code, the school may instruct the student to return home to change and return with a parent/guardian for an administrative conference. Students who do not comply with the dress code may be subject to discipline (See Discipline Ladder). The school's administration is the final authority in determining appropriate school attire and appearance. The school's dress code is subject to change at any time.

Gang Activity

In response to a desire to keep our schools free from threats or harmful influence of any groups or gangs, the Board has adopted a gang behavior policy that is in accordance with State statutes and Tribal Criminal Code.

The policy states that students who participate or assist in criminal street gang behavior will be subject to the disciplinary policies of the school. Students who violate this policy are subject to referral to Tribal Law Enforcement for follow-up.

Criminal street gang membership is defined as an individual to whom at least two of the following seven criteria apply.

- Self-proclamation
- Witness testimony or official statement
- Written or electronic correspondence
- Paraphernalia or photographs
- Tattoos
- Clothing, colors, bandanas, and belts (colored canvas/cloth, extra-long)
- Any other indication of street gang membership

Prohibited Items

In the interest of the education, health and safety of all students, the following items may not be brought to school:

1. All personal toys and games are to be left at home as they disrupt the classroom learning environment.
2. Drugs, drug paraphernalia, alcoholic beverages, narcotics, cigarettes, cigarette lighters, e-cigarettes/vaping devices, vapors, THC products, matches and look-alikes.
3. Explosive devices, firecrackers, fireballs, cherry bombs, sparklers, incense, etc.
4. Weapons, guns, knives, cake cutters, screw drivers, razors and/or other dangerous items
5. Toys which are realistic look-alikes for guns and knives.
6. Skateboards, roller blades, etc. are not allowed.
7. Energy drinks.

Prohibited items brought to school will be confiscated. Illegal or dangerous items will not be returned. Local law enforcement will be contacted and disciplinary action will result. Inappropriate electronic device or cell phone usage during school hours is not allowed. Consequences of inappropriately usage of electronic devices at school during school hours is confiscation of the device until picked up by a parent/guardian.

The school and its staff are not responsible for the loss or damage of confiscated items. Backpacks must be transparent (clear).

School Activities and Trips

The administration reserves the right to limit field trip participation to students with favorable behavior records (no write-ups for major infractions), provided a student's disability is not the cause of any such behavioral records.

1. Athletic participation requires passing grades in all classes, as determined by bi-monthly/weekly grade checks per Interscholastic guidelines.
2. All field trips require written parent/guardian permission. The school notifies parents/guardians about culturally sensitive field trips/projects. If a student does not receive parent/guardian permission, the school may assign the student another activity.
3. All day and overnight field trips require a BIE Navajo District Field Trip Request Form which is subject to approval from the BIE-Associate Deputy Director.
4. Because of testing and school holidays, the school restricts student travel during the months of December, April, and May.
5. Only people (age 25 or older) listed on the Emergency/Check Out Authorization Form can pick up or check out a student.

Computer/Internet Usage Policy

The primary purpose of the Internet is for educational pursuits. The school recognizes that students have a constitutional right to freedom of speech. However, that right is not unlimited, and the school encourages students to be thoughtful about their words and actions.

Inappropriate use includes, but is not limited to, the following activities:

1. Sending or displaying offensive/pornographic/threatening/subversive images and messages;
2. Accessing, viewing, or transmitting material related to drugs, alcohol, gangs, sexual activity, or hate groups;
3. Tampering with or damaging school computer equipment and/or system;
4. Violating copyright laws;
5. Allowing others access to username and password;
6. Using another user's username and password. Trespassing in another user's account, folders, and/or files;
7. Intentionally wasting limited resources, such as forwarding chain letters; streaming internet radio or video; downloading music, video, or software;
8. Using a proxy server to bypass system network filters and controls;
9. Using the school's BIE Internet system for commercial activities or making personal purchases;
10. Participating in chat rooms or other live communication;
11. Cyberbullying and/or harassment which may include mean text messages or emails, rumors sent by email or posted on social networking sites (such as Instagram, Facebook, Tik-Tok, etc.), sexual content or innuendos, and embarrassing pictures, videos, websites, or fake profiles.

Violations of the Computer/Internet Usage Policy may result in loss of access, confiscation of equipment, and/or further disciplinary or legal action, and:

1. Any cost/expense incurred by the user becomes the liability of the user.
2. The school bills the user for loss/damage to the computer system and/or equipment as a result of inappropriate use.

All computer network usage is subject to BIE/federal filtering and monitoring. Therefore, be reminded *there is no expectation of privacy*.

Students must have a current signed Student Computer/Internet Usage Policy and Agreement on file before they can use the Internet on any of the school computers. The school's Wi-Fi network is limited to school-purchased devices.

Electronic Device Policy

Electronic devices include, but are not limited to, the following:

- Cell phone/Smartwatches
- Digital camera or voice recorder
- Electronic game devices (for example, Gameboy, Ns Switch, PSP)
- Handheld video camera
- Personal iPad/tablet
- Laser pointer (For safety reasons, the school prohibits laser lights on campus.)
- Personal music player/iPod/speakers/airpods
- Portable DVD player
- Personal laptop
- Meta-Glasses

Students will keep electronic devices and accessories turned off and out of sight during instructional hours, during fire drills, other organized school activities, and for the duration of the school day.

Students may use electronic devices in the classroom with teacher permission, only if the devices are part of an organized classroom activity. If a student violates these rules, the school may revoke his or her electronic device, turn it into the front office/school, security, or designated school administrator. The school returns the device to the student or parent/guardian at a designated time, as determined by the school administrator.

A student may also face disciplinary action, as determined by the school administrator. The school is not responsible for loss or damage to students' personal-property brought onto the school campus.

Responsible Technology Use — Policy & Procedures

Purpose

This policy guides the responsible, respectful, and ethical use of technology—including artificial intelligence (AI)—in Bureau of Indian Education (BIE) schools. It ensures technology supports student learning, cultural integrity, and data sovereignty.

Key Principles

1. **Respect for Tribal Values:** Use technology in ways that honor Indigenous languages, traditions, and community standards.
2. **Integrity and Accountability:** Be transparent when using AI and protect all student and Tribal data.
3. **Safety and Sovereignty:** Follow all federal and Tribal laws for privacy and data protection.
4. **Opportunity and Access:** Ensure technology access for all students, including those in remote or bandwidth-limited areas.
5. **Innovation with Responsibility:** Encourage creativity, balanced with ethics and respect for Indigenous knowledge.

Acceptable Use

Staff and students must use BIE-approved technology resources for educational purposes, protect login credentials, and follow IT and cultural review standards. AI use in assignments must be disclosed, and no personal or Tribal data may be entered into public AI systems.

AI in Education

Teachers must include an AI statement in their syllabus clarifying what is allowed, limited, or prohibited. Students may use AI for brainstorming, translations, or feedback with disclosure. AI cannot be used to generate entire assignments or during tests without permission. All AI tools must be vetted through the BIE approval process for privacy, bias, and cultural respect.

Privacy & Data Protection

Follow FERPA, the Indian Education Act, and tribal data sovereignty standards. Never upload student or Tribal data to public or non-approved tools. Report breaches within 24 hours to BIE IT and administration.

Digital Citizenship

All users must model respect and professionalism online. Training in AI ethics, privacy, and cultural media awareness is required annually.

Enforcement

Violations may lead to disciplinary action under BIE codes. Restorative approaches focused on reflection and learning are preferred.

Fundraising and Student Council

The school does not allow individuals to sell items on campus to raise money for personal gain.

1. By law ([25 CFR § 31.7](#)), any funds raised should benefit recognized student organizations and must be deposited in the School Activity Fund/bank.
2. Fundraisers must submit an updated Plan of Operation to the Student Council each school year, prior to any fundraising activity. The Student Council and the principal or designee must approve the fundraising activity.
3. Sponsors and organization/club officers are required to be familiar with the policies and procedures of both the Student Council and the School Activity Fund. Students must deposit all funds they collect via organizations or clubs into the school activity fund/bank immediately.
4. Fundraising can only be held 30 minutes after the end of the school day to midnight, not during school day.

School Search and Seizure Policy

[The Fourth Amendment to the U.S. Constitution](#) protects students from unreasonable searches and seizures by school officials and teachers. However, school official may search students or their personal property, including personal electronics and vehicles on school property, as well as equipment assigned to students, such as lockers, desks, and technology devices, pursuant to the following procedures.

1. If there is reasonable suspicion that students may be in possession of drugs, weapons, alcohol, e-cigarettes/vaping devices, THC products, and other materials (contraband) in violation of school policy or state/federal/tribal law, school authorities may search any student, student locker, or student automobile in accordance with the policy outlined herein, and may seize illegal, unauthorized, or contraband material discovered in the search. A student's failure to cooperate with searches as provided in this policy will be considered grounds for disciplinary action. School authorities may utilize canines and metal detectors to assist in searches.
2. To meet the standard of reasonable suspicion, the school official must have specific and articulable facts or inferences, obtained from either personal observation or a reliable informant, that leads them to conclude – based on their experience and in the totality of the circumstances – that the search will lead to a discovery of contraband or evidence of contraband.
3. Examples of reasonable suspicion may include, but are not limited to, smelling marijuana or alcohol odors, observing students with drug paraphernalia or alcohol containers, observing behavior consistent with intoxication, or hearing from a credible source that a student possesses contraband on his or her person or elsewhere on school property.

Searches of Individuals

The school may search a student's person and/or personal effects (for example, purse, book bag, etc.) whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized material.

The scope of any inspection conducted under this policy shall be reasonably related to the objectives of the inspection and shall not be unreasonable in light of the age and sex of the student and the nature of the infraction. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex, and with an adult witness present, when feasible, and will be no more intrusive than necessary to uncover the suspected illegal or unauthorized material.

Searches of School Property

The school exercises exclusive control over school property, and students should have no expectation of privacy regarding items placed in school property because such property is subject to search at any time by school officials. The students are responsible for whatever is contained in desks and lockers the school issues them. School authorities may conduct a general inspection of lockers for any reason at any time without notice, without student consent, and without a search warrant.

Seizure of Illegal Materials

Illegal or unauthorized material which has been found in a properly conducted search will be turned over to the proper law enforcement authorities for ultimate disposition.

Use of Drug and Alcohol Tests

When the school has reasonable suspicion that a student is under the influence of alcohol or drugs, the school may subject the student to testing to determine whether the student is under the influence of drugs or alcohol.

Law Enforcement

The school may contact law enforcement, if needed, for incidents of illegal activity.

Use of Dogs

The school administration is authorized to use trained canines (accompanied by a trainer) for sniffing out contraband on school-owned property and in automobiles that are parked on the school property. An indication by the dog that contraband is present on school property or in an automobile is reasonable cause for a further search of the student by the school officials.

Use of Metal Detectors

School policy and federal law prohibit weapons of any nature on school property or at school functions. The school defines a weapon to be anything designed or used for inflicting bodily harm or physical damage. The presence of weapons is inherently dangerous to all persons in the school setting. School officials are authorized to use metal detectors when there is reasonable cause to believe that an identified student is in possession of a weapon.

Infectious Disease Control Policy

T'iis Ts'ozí Bi'Olta', in collaboration with Indian Health Service, has developed the following guidelines to reduce the spread of communicable diseases in school. The school follows these guidelines in any communicable/infectious disease situation.

If a student is believed to have a communicable or infectious disease, the staff immediately notifies the principal or designee. The principal or designee in charge then:

1. takes the student to the nearest hospital (Indian Health Service or private) for an evaluation;
2. contacts the student's parent/guardian;
3. works with Indian Health Service (IHS) or other appropriate medical personnel to determine whether isolation or separation of the student is necessary;

4. if necessary, places the student in a designated isolation room in the dormitory, if the school has a residential program, or in a designated room with a staff and ensures the student is checked every 10 minutes;
5. controls transmission of the communicable disease via quarantine in the school building and dormitory, if the school has a residential program; and
6. if appropriate, notifies the parent/guardian in writing of
 - i. the disease to which the child was exposed, and whether this is one case or part of an outbreak;
 - ii. signs and symptoms of the disease that the parent/guardian should watch for in the child;
 - iii. how the disease is spread;
 - iv. the incubation period of the disease (when they might see symptoms appear);
 - v. how many days or weeks the disease can spread from person to person (period of communicability);
 - vi. disease prevention measures recommended by a public health nurse or sanitarian; and
 - vii. the control measures the school has implemented as well as the dormitory of the infected student if the school has a residential program.

Re-admittance

If a student has been taken out of school with a communicable or infectious disease, the student must provide a doctor's statement stating the student is medically cleared before he or she can return to school. In addition, the school may require a meeting with the student's parent/guardian.

Executive Order 13160

The school will comply with the requirements of Executive Order 13160. No individual, on the basis of race, sex, color, national origin, disability, religion, age, sexual orientation, or status as a parent, shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination in, a federally conducted education or training program or activity. ([Executive Order 13160](#)).

Student Behavior Policies

Harassment/Intimidation/Threats/Bullying

The following behavior is not permitted and is subject to discipline (See Discipline Ladder). Furthermore, violation of these policies results in parent/guardian notification and may result in additional enforcement action, including contacting law enforcement.

Physical Abuse

Includes, but is not limited to, any physical contact the recipient does not invite, including hitting/kicking/pinching, spitting on someone, tripping/pushing, and taking or breaking someone's things.

Sexual Harassment

Includes, but is not limited to, any physical or verbal act of a sexual nature that the recipient does not want or invite. Sexual harassment can also include body gestures, innuendos, creating a sexually hostile environment through use of sexually explicit materials, such as calendars, magazines, or other graphic materials.

Verbal Abuse

Includes, but is not limited to, any derogatory speech directed at an individual or spoken in a public setting. Derogatory speech includes vulgarity, cursing, and sexual innuendo (for example, calling someone a 'b-word' or using the "f" word is considered harassment). Verbal abuse also includes teasing, name-calling, taunting and threatening to cause harm.

Nonverbal Abuse

Includes, but is not limited to, rallying other children not to be friends with someone, spreading rumors, and causing someone else to be subject to public ridicule.

Public Display of Affection (PDA)

The school prohibits all levels of public displays of affection on school grounds and during school events. Students who violate this policy are subject to discipline (see discipline section).

Hazing

The school does not tolerate hazing activities, such as initiations, harassment, humiliation, and ridicule. Hazing includes any intentional or reckless act committed by a student, whether individually or with others, in person, or in writing, against another student with a substantial risk of potential physical injury, mental harm, or degradation.

Bullying

Bullying, including cyberbullying, is the repeated use by one or more students of a written, verbal, or electronic communication, or a physical act or gesture or any combination thereof, directed at a target.

Bullying results in the outcomes that

- cause physical or emotional harm to the target or damage to their property;
- place the target in reasonable fear of harm or damages their property;
- create a hostile environment at school for the target;
- infringe on the rights of the target at school; or
- materially and substantially disrupt the education process or the orderly operation of a school.

The school prohibits bullying on school property, property immediately adjacent to school grounds, at school-sponsored or school-related events whether on or off school property, at school bus stops, on school buses or other vehicles owned, leased or used by the school, or through the use of technology or an electronic device owned, leased, or used by the school.

The school also prohibits bullying at a location or activity that is not school-related or through the use of technology or an electronic device that is not owned, leased or used by the school, if the act or acts in question create a hostile environment at school for the target student/staff, infringe on the rights of

that student/staff at school, or substantially disrupt the education process or the orderly operation of the school.

Students, parents/guardians of bullied students, or staff should immediately report their concerns to the school administrator.

Bullying Prevention and Intervention Procedures

Bullying and Cyberbullying

Bullying is defined as any aggressive behavior that is deliberate and involves an imbalance of power between parties. The behavior is usually repeated by the aggressor over an extended period. Bullying can be physical (hitting, touching, etc.), verbal (name-calling, teasing, etc.), emotional (spreading rumors, social exclusion, etc.), and cyber (social media, impersonation, etc.). The goal of CCS is to foster safe interpersonal relationships among stakeholders within our school community. Any form of bullying, as defined above, will not be tolerated. Any infractions committed by stakeholders will follow the discipline section.

Cyberbullying refers to the use of digital communication tools, such as social media, text messages, or online platforms, to intimidate, harass, or threaten others. It can take various forms, including spreading rumors, posting hurtful comments, or sharing embarrassing photos or videos without consent. Cyberbullying can have serious consequences on the mental and emotional well-being of the individuals targeted. It's important for individuals to be aware of the signs of cyberbullying and to seek support from trusted adults or authorities if they experience or witness such behavior.

Additionally, promoting digital literacy and teaching responsible online behavior can help prevent cyberbullying and create a safer online environment for everyone.

Reporting Obligations

Reporting by Staff

If faculty, staff, independent contractor, or school volunteer learns of any instance of bullying/retaliation or suspect bullying/retaliation, they shall report the incident immediately. They may report any incident to the principal or designee, either orally or in writing.

The requirement to report to the principal or designee does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline.

Reporting by Students, Parents/Guardians, and Others

The school strongly encourages any student, parent/guardian, or others who become aware of or have a reasonable belief that bullying or retaliation has occurred or may have occurred to other members of the school community to promptly report the incident(s) to the principal/designee.

Reporting to Local Law Enforcement

In the event of substantiated bullying or retaliation, the principal or designee notifies law enforcement in writing, if he or she suspects that criminal charges may be pursued against the aggressor.

Investigation

The school principal or designee shall promptly investigate a report of bullying or retaliation, considering all circumstances at hand, including the nature of allegations, ages of the students involved, and whether any behaviors are related to an individual's disability, age, sex, race, color, gender, national origin, religion, pregnancy status, and/or sexual orientation.

The school follows the guidelines (see Discipline Ladder) for responding to a report of bullying or retaliation. The school adapts the guidelines as necessary to respond appropriately to the complaint. Upon receiving a complaint, the principal or designee notifies the parents/guardians of all parties (both the target and the aggressor) involved of any incident in a timely fashion, preferably on the same day of the report.

Even before a formal investigation, the principal or designee considers whether they will take immediate steps to support and/or protect the alleged target from further potential incidents. The school considers the rights and safety of the alleged target, alleged aggressor, and any bystanders.

If the principal or designee determines that a bullying or harassment incident placed the target in reasonable fear or harm, or adversely affected their educational environment, they initiate a formal investigation.

Discipline

Pursuant to 25 C.F.R. § 42.3, BIE schools must consider, to the extent appropriate, the reintegration of a student into the school community, after they engage in conduct that warrants disciplinary actions. The school may address misbehavior or a student violation using an alternative dispute resolution (ADR) process or the formal disciplinary hearing process.

When appropriate, a school should first attempt to use the ADR process, which is described in 25 C.F.R. § 42.4, that may allow for resolution of the alleged violation without recourse to punitive action. The ADR processes may include: peer adjudication, mediation, and conciliation and involve appropriate customs and practices of the Indian Tribe or Alaska Native Villages, to the extent there are applicable practices that are readily accessible and identifiable.

When ADR processes do not resolve issues or cannot be used, the school must address the alleged violation through a formal disciplinary hearing in accordance with the hearing requirements and student due process rights found in 25 C.F.R. § 42.7.

Discipline Responsibilities for Administrators

If the staff member cannot resolve the problem, they should consult with the administration. The administration then follows some or all these steps:

1. Ensure that ADR processes have been used or are not applicable for the situation in accordance with 25 C.F.R. § 42.4.
2. Provide additional intervention, as needed, to correct the problem or resolve conflicts.
3. Ensure the safety of all students or bystanders.
4. Determines any appropriate consequences for an offender (for example, lunch detention, restriction).

5. Determines whether suspension is appropriate.
6. Prepares the suspension letter, sets the hearing date, notifies the parent/guardian, reviews hearing rights with the student.

Progressive Discipline

T'is Ts'ozí Bi'Olta' uses a system of progressive discipline. Schools discipline students based on the severity of offenses, as well as on their frequency or repeated nature. The District classifies offenses as severe (Group I), major (Group II), and minor (Group III).

1. The school establishes behavior and counseling contracts for all severe (Group I) offenses.
2. The school may notify law enforcement of offenses.
3. The administrator makes the final decision.
4. The school may suspend a student from school for violations of the Student Handbook or other school rules and regulations.

Definitions of Disciplinary Terms

Zero Tolerance

Is defined as a philosophy that the School will not allow, permit, condone, support, withstand, or endure any behavior that is detrimental to the safety, security, and welfare of all students and staff. Thus, the School will do everything within its legal power to impose the strictest sanction.

Suspension

A suspension is related to the number of days a student will be out of school. A reinstatement meeting between the administrator, parent/guardian, and student will be conducted prior to the student's return to the residential/academic program and bus riding privileges. During out-of-school suspension, students will not be allowed to make up work assigned in class during the timeframe of the suspension. This does not apply to work assigned before or after the suspension. A student on any suspension is not allowed on campus, after hours, for any school activity during suspension.

Expulsion

An expulsion is defined as a permanent exclusion from the school privileges and services.

Student Conference

A staff member meets one-on-one with the student to reduce or eliminate minor misbehavior.

Parent/Guardian Contact

A staff member contacts the student's parent/guardian via phone, email, mail, or in person for support and reinforcement of positive behavior.

In-School Suspension (ISS)

Prior to an in-school suspension, the school notifies each student and the student's parent/guardian of the offense(s) that led to the ISS, as well as the duration of the ISS. Students serving an ISS must report to school at the usual start time and are assigned to supervised rooms for the entire school day.

Before a student begins serving an ISS, he or she must inform his or her teachers of the ISS. The student will let his or her teachers know that he or she will collect classwork that he or she will miss because of the ISS.

On each day of an ISS, the student should arrive prepared for school and on time. (The student should bring all assigned classwork, incomplete assignments, and reading materials to the ISS). Failure to do so may result in additional ISS. During ISS, students are not allowed to interact with their peers and must eat lunch in the ISS room.

Parent/Guardian Conference with Behavior Contract

The student, as well as his or her parent/guardian, meets with an administrator to write and agree upon a behavior contract. The behavior contract includes any of the previously mentioned interventions. The contract may also include any combination of the following interventions:

- Community service
- Peer or staff mentor with required contact
- Counseling
- Suspension from extracurricular activities (including sports, after school activities, field trips)
- After school homework
- Family member to attend classes with student
- All-day academic support

Formal Disciplinary Hearing (Procedural Due Process)

Information in the Student Handbook informs students of their rights and responsibilities, school rules and regulations governing behavior, and consequences for infractions. Every student, as well as parents/guardians, should know the school rules and regulations, as well as their due process rights and responsibilities. In addition, other requirements and rights apply for the disciplinary process, when it is applied to students with disabilities. These requirements will be described in subsequent sections of the handbook. Special Education due process rights are also described in the BIE's IDEA Procedural Safeguards notice and in the Indian Affairs Manual, Part 30, Chapter 15- Section 504 of the Rehabilitation Act of 1973.

This section applies to disciplinary suspensions of 10 days or more, denial of enrollment, expulsion, or suspension from the general bus service.

The school works with students involved in infractions as discussed earlier in the Handbook. However, in cases of severe and major infractions of school rules or repeated violations, the school may suspend students for more than 10 days or expel students. In cases where the suspension exceeds 10 days, or the school expels the student, the student is entitled to the due process hearing and rights that are outlined in this section.

The school must hold a fair and impartial hearing before imposing a suspension of more than 10 days or an expulsion, except under the following circumstances, which may be used for emergency disciplinary removals:

1. There is a legal basis or other significant need for an immediate school removal (such as, if a student brought a firearm to school) or if there is some statutory basis for removal;
2. In an emergency situation that seriously and immediately endangers the health or safety of the student or others; or
3. If the student (or the student's parent or guardian if the student is less than 18 years old) chooses to waive the entitlement to a disciplinary hearing.

In an emergency disciplinary removal situation, a school may temporarily remove a student, without first holding a disciplinary hearing. The school must immediately document the facts giving rise to the emergency disciplinary removal and afford the student a hearing that follows the due process requirements of 25 C.F.R. § 42.7, within 10 days.

Due Process Hearing

Due process must include written notice of the charge(s) and a fair and impartial hearing as required by 25 C.F.R. § 42.7. The Hearing will be held by the principal or the principal's designee. The principal may suspend or expel a student immediately when there is evidence that the student poses a serious and immediate danger to the health or safety of himself/herself or others. However, if a student is suspended or expelled prior to a hearing, a hearing must be held within 10 days. If a student is not expelled or suspended prior to a hearing, the hearing will be held at the most reasonable time and as close as possible to the alleged infraction. All hearings will be closed, unless otherwise requested by the student/parents/guardians. It is essential that each student be given an opportunity to present their defense against the charges made against them, and that the proceeding be fair and impartial.

Notification

Written notice for a disciplinary due process hearing must comply with the requirements set forth in 25 C.F.R. § 42.7 (a). Parents/guardians and students will be notified of charges, in writing, within a reasonable time frame prior to the hearing. The notice must include: a copy of the school policy that was violated, the facts as related to the allegation, information about any statements that the school has received about the charge and how to access the statements, and information about the part(s) of the student's record that will be considered when making the disciplinary decision.

Specific Student Hearing Rights and Procedures

The student has specific rights in a disciplinary hearing, which are found in 25 C.F.R. § 42.8. These rights include the right to:

1. not to be compelled to testify against himself or herself;
2. view documents and related records including written findings of fact and conclusions;
3. request deferral (delay) of hearing: The request must be in writing. The request must clearly state reason for deferral. The request must be submitted to the principal two days prior to the hearing;
4. representation by legal counsel (at student/parent's/guardian's expense);
5. Presence of a student, parent/guardian or their designee;
6. translator, if requested;
7. appear on his/her own behalf;
8. produce witnesses and evidence on his/her behalf and to confront and examine all witnesses;
9. confront and cross examine an opposing witness or for the student's legal counsel to do so;
10. the record of the disciplinary action, including written findings of fact and conclusions;
11. have an allegation of misconduct and related information expunged from the student's school record, if the student is found not guilty of the charges; and
12. administrative review and appeal rights under school policy.

The student may receive failing grades for failure to attend an alternative education program, if offered. Prior to or at the time of the hearing, a student can enter a plea of guilty, at which time the case is immediately referred to the principal for review and final decision.

Additionally, student victims have legal rights during student disciplinary hearings, as detailed in 25 C.F.R. § 42.9. These rights may include: the right to participate in a disciplinary hearing either in writing or in person, the right to provide a statement about the impact of the offense on the victim, and the right to have the outcome explained to the victim and to their parent or guardian by a school official, consistent with all student privacy laws and confidentiality requirements.

Appeal

A student will have the right to appeal the decision of suspension/expulsion to the Education Program Administrator (EPA) within 10 days from the date of receipt of the initial decision in accordance with school policy. The EPA decision is final. If a student wins their appeal, the student will be allowed to make up any missed assignments within 3 days of his/her completion of the suspension.

Grievance Procedures

Student/Parent/Guardian – Employee

Note: This section does not apply in the case of any physical or sexual abuse. Immediately report physical or sexual abuse, including verbal sexual harassment, to the principal and/or local law enforcement.

If differences between a parent/guardian/student and a school staff member are not settled informally, it is the right of the parent/guardian/student and/or the school staff member to go to the employee's supervisor, who acts as the mediator. Each side of the dispute has the right to present a written or verbal statement and answer to the grievance.

Student – Student

If a conflict arises between students, the students should report the conflict to a staff member for advice on how to resolve the conflict. If the students' differences are not settled informally, it is the right of the students to go to a teacher, counselor, or the principal. Each side of the dispute has the right to present a written or verbal statement and answer to the grievance.

Special Education Policy

Individuals with Disabilities Education Act (IDEA)

The school complies with the [Individuals with Disabilities Education Act \("IDEA"\)](#) 20 U.S.C. §§ 1400 et seq., P.L. 108-446) and its implementing regulations (34 C.F.R. Part 300). Disciplinary actions taken against a student covered under IDEA will be done in accordance with BIE's Notice of Procedural Safeguards, available at <http://www.bie.edu/cs/groups/xbie/documents/text/idc1-032083.pdf> and BIE Special Education Practices and Processes. <http://www.bie.edu/cs/groups/xbie/documents/text/idc-020377.pdf>.

These documents will be provided in accordance with 34 CFR § 300.504 and to any parent/guardian or student upon request. If there is a conflict between this Handbook and the Special Education Practices and Processes or Notice of Procedural Safeguards, the school will follow the Special Education Practices and Processes or Notice of Procedural Safeguards.

Section 504 of the Rehabilitation Act of 1973

The school will comply with the requirements of the [Rehabilitation Act of 1973, 29 U.S.C. §§ 794 \(Section 504\)](#) and the U.S. Department of Interior implementing regulations (43 C.F.R. 17.501-17.570 (Subpart E)). Section 504 of the Rehabilitation Act of 1973, commonly called "Section 504," is a federal law that protects students from discrimination based on disability. Section 504 assures that students with disabilities have educational opportunities and benefits equal to those provided to students without disabilities. To be eligible, a student must have a physical or mental impairment that substantially limits one or more major life activity.

Pursuant to Section 504, the school is responsible to identify, evaluate, and determine eligibility, as well as, providing accommodations and services to eligible students with disabilities. BIE has adopted requirements for Section 504 in the Indian Affairs Manual (IAM). To access this policy online: <https://www.bia.gov/policy-forms/manual> or contact the school Section 504 Coordinator.

504 and Discipline

Students with disabilities are not exempt from school discipline codes. However, the student's disability is considered when determining the appropriate disciplinary response for a 504 student. Special considerations apply to the long-term suspension of students with disabilities under Section 504. If a behavior is not related to a student's disability, then the disciplinary consequences are the same as for any other student without a disability. The vehicle for assessing the link between a behavior and a

disability is a manifestation determination meeting, in accordance with the BIE's Section 504 Chapter of the IAM, Chapter 15, Section H- Section 504 and Discipline.

Short-term removals (suspensions or expulsions for either 10 consecutive days or 10 days in aggregate) do not require more than normal due process. However cumulative short-term removals totaling more than 10 school days may be considered a "change in placement" and trigger certain procedural safeguards under Section 504, including an evaluation to determine if the conduct was caused by or related to the student's disability. This evaluation should take place no longer than 10 school days after the decision to take disciplinary action is made. Prior to the meeting, the school shall:

- Give notice of the disciplinary decision and of the Section 504 procedural safeguards to the parent or guardian, no later than the date on which the decision to take disciplinary action is made;
- Notify the parent or guardian in writing, immediately, if possible, but no later than 10 days after a decision to conduct the evaluation;
- Notification should include identification of time, date, and participants who will be in attendance;
- Parents or guardian should participate in the meeting; however, if they refuse to attend, they should be given a copy of the final report.

The following steps must be followed during the evaluation meeting:

- The name of each participant who is present must be recorded.
- The student's Section 504 team must make the determination of whether the misconduct is related to the student's disability.
- Attendees must consider all relevant information in the student's file, including: the student's Section 504 Plan, any teacher observations, and any relevant information that is provided by the parents.
- A review of the incident at issue, including: the who, what, when, where, why, and how of the specific incident under review.
- The team must determine, after reviewing relevant information in the student's file and the incident review:
 - Whether the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or,
 - If the conduct in question was the direct result of the school's failure to implement the student's Section 504 Plan.

If the Section 504 team determines that the conduct was a manifestation of the student's disability or that the conduct in question was the direct result of the school's failure to implement the student's Section 504 Plan, then the school must take immediate steps to remedy those deficiencies.

If the Section 504 team determines that the behavior was a manifestation of the disability, then the school cannot carry out any discipline that would exclude the student on the basis of their disability. Instead, the IAM requires that the Section 504 team must conduct a functional behavior assessment

(FBA) and create a behavior intervention plan (BIP) for the student. If the student already has a BIP, the team must review the plan and modify it as necessary to address the behavior that is at issue.

If the Section 504 team determines that the behavior is not a manifestation of the student's disability, then the relevant disciplinary procedures may be applied to the student with the disability in the same manner and for the same duration that they would be applied to a student without a disability.

For offenses related to drugs and alcohol, schools may take the same disciplinary actions against students with and without disabilities, and such offenses are excepted from the Section 504 disciplinary procedures that are set forth in the IAM.

A school is not required to permit a student with a disability to participate in or benefit from services, programs, or activities when that student poses a direct threat to the health or safety of others. A direct threat means a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures, or by the provision of auxiliary aids or services. In determining whether a student poses a direct threat to the health or safety of others, the student's Section 504 team must make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best objective evidence, to ascertain: the nature, duration, and severity of the risk; the probability that the potential injury.

Section 504 Eligible students also have the right to an appropriate educational placement and any needed services, the right to notice, and the right to review relevant education records during the disciplinary process.

504 Rights and Procedural Safeguards

Education

As an eligible student with a disability, you have the right to:

- participate in and benefit from the school's educational programs without discrimination based on disability;
- receive needed accommodations under Section 504 of the rehabilitation act of 1973;
- participate in the school's nonacademic and extracurricular activities;
- receive services that are comparable to those provided to students without disabilities;
- receive accommodations and/or auxiliary aids and services to allow for participation in school activities;
- receive auxiliary aids and services without cost to allow for participation in school activities. This does not include educational aids unrelated to your child's disability for which fees are imposed on parents/guardians of all children; and
- receive special education services, if needed.

Educational Records

As a parent/guardian or student, you have the right to:

- examine all relevant records relating to decisions regarding the identification, evaluation, educational program, and placement of the student;

- obtain copies of educational records, at a reasonable cost, if the fee does not effectively deny access to the records (there is no charge for records if the cost prevents the student or parent/guardian from reviewing the records.);
- request amendment of the student's educational records, if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of the student. (if the school refuses this request, it must notify the student or parent/guardian within a reasonable time and advise the student or parent/guardian of the right to a hearing); and
- request explanations and interpretations of the student's education records.

If you believe that BIE has discriminated against you or your child based on disability, you may file a complaint of discrimination with the U.S. Department of the Interior's Office for Civil Rights, Diversity, and Inclusion ("OCR") to file a complaint in federal court. Generally, you may file an OCR complaint within 180 calendar days of the act that you believe was discriminatory.

School Athletics

For grades 6-8, refer to the local athletic handbook. Grades K-5 do not participate in school athletics.

Parent/Guardian Involvement Policy

The Navajo District strives to educate teachers, support staff, administrators, and school board members, with the assistance of parents/guardians, about the value of parent/guardian contribution and the necessity of reaching out to, communicating with, and working with parents/guardians as equal partners.

Specifically, the school strives to

1. build ties between parents/guardians and the school;
2. research, adopt and implement model approaches to improving parent/guardian involvement;
3. develop appropriate roles for community-based organizations and local businesses in parent/guardian involvement activities and provide other reasonable support for involvement activities as parents/guardians may request.

The Navajo District believes that all parents/guardians and families want the best for their children. Educational research demonstrates that children do their best when parents/guardians play the following roles in their children's learning:

1. Parent/guardians as teachers (helping children at home)
2. Supporters (contributing their skills to the school)
3. Advocates (helping children receive fair treatment)
4. Decision makers (participating in joint problem solving with the school at every level)

T'íis Ts'ozí Bi'Olta' recognizes that parents/guardians are full partners with educators, administrators, school board members, and support staff working towards the best possible learning experience for each child. The school encourages a strong program of two-way communication with parents/guardians to promote a strong, meaningful, and productive connection between itself and the community.

To institute and maintain active two-way communication with parents/guardians, our schools

1. continue to involve parents/guardians in the joint development of the school's improvement plan. (If the school's improvement plan is not satisfactory to the parents/guardians of participating children, the school submits any parent/guardian comments with the improvement plan when the school resubmits it to the BIE);
2. plan, implement, assess, and, as necessary, revise effective parent/guardian involvement activities to improve student academic achievement and the school's overall climate and performance;
3. build the school's and the parents'/guardians' capacities for strong parent/guardian involvement through collaborative school planning, ongoing two-way parent/guardian school communication, and integration of parents/guardians into professional development and other school activities; and
4. coordinate and integrate parent/guardian involvement strategies and activities, such as workshops which encourage and support parents/guardians to further the education of their children and assist them in avoiding pitfalls (for example, gangs, violence, drugs, teen pregnancy). With the parent/guardian involvement, conduct an annual evaluation of the content and effectiveness of the school's Parent/Guardian Involvement Policy.

The school publishes the findings of the annual evaluation and makes it available for parent/guardian review to design strategies for more effective involvement and, if necessary, to revise the school's existing Parent/Guardian Involvement Policy.

Student Handbook and Parent/Guardian Involvement Policy

The school distributes the Student Handbook and Parent/Guardian Involvement Policy to parents/guardians of all enrolled students. The school's administration develops a *School Plan for Parent/Guardian Involvement* that explains how the school implements and maintains the above bulleted items.

Parent Advisory Committee (PAC)

All schools have a Parent Advisory Committee (PAC) composed of parents/guardians and school personnel. The PAC convenes to develop the School Plan for Parent/Guardian Involvement. The school

notifies parents/guardians of the policy and the subsequent plan via easily understandable written correspondence.

The school holds monthly PAC meetings on the **first Monday of every month**, unless otherwise informed. The school encourages organized, ongoing, and timely parent/guardian involvement in the planning, review, and improvements of the school's Parent/Guardian Involvement Policy and the joint development of any other plans, policies, and procedures. Upon request, the school provides a language interpreter. The school also makes the PAC policy and the subsequent plan available to the local community. The school updates the PAC policy and subsequent plan periodically to meet the changing needs of parents and the school.

Parent/Guardian-School Compact

Both the school and the parents/guardians of children served by programs that the school improvement plan describes developed the Compact. The Parent/Guardian-School Compact outlines how parents/guardians, the school staff, and students share the responsibility to build and develop a partnership for student achievement.

Some of the main functions of the Compact are as follows:

- Describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment, which enables the children to meet academic achievement standards of the Navajo Nation, the Bureau of Indian Education (BIE), and their designated state.
- Clarify parents'/guardians' responsibility for supporting their child's education through monitoring attendance and homework completion, and participation, as appropriate, in decisions relating to their child's education and positive use of extracurricular time.
- Emphasize the importance of two-way communication between instructional staff and parents/guardians on an ongoing basis through
 - Fall and spring semester parent/guardian-teacher conferences;
 - Frequent communication to parents/guardians about their child's progress; and
 - Volunteer opportunities.

The Parent Advisory Committee reviews and updates the Parent/Guardian-School Compact annually.

Student Responsibilities

The school expects students to

1. be in school every day and all day;
2. provide supporting written documentation (e.g., an appointment slip) for any absences;
3. follow the school's checkout policy as stated above;
4. inform teacher(s) of impending absences;
5. advocate for themselves and to stay informed about their academic progress; and
6. know their obligations as set forth in this handbook and the resulting consequences for violating school policy.

Annual Meeting

As required by policy, the District requires all schools to hold annual parent meetings to do the following:

1. Inform parents/guardians of the school's intended School-wide Program Plan.
2. Explain the requirements of programs.
3. Answer questions about parent/guardian rights.
4. Present annual assessment data.
5. Summarize the content of the school's improvement plan and planned parent/guardian involvement activities, to include the following:
6. Monthly Parent Advisory Committee meetings throughout the year, to which all parents/guardians are invited. The meetings promote two-way parent/guardian school communication and increased parent/guardian involvement in each student's education
 - Monthly or quarterly parent/guardian newsletter and principal's letter to parents
 - Regular progress reports and report cards
 - Parent/guardian-teacher conferences and other meetings with teachers and staff as appropriate and/or as requested by parents/guardian to formulate suggestions and to participate in decisions relating to the education of their children, with the school responding to any such suggestion as soon as practicably possible
 - Possible in-depth parent/guardian training throughout the school year
 - NASIS Parent Portal Access to Relevant Student Information
 - Schoology Parent Portal
 - Understanding Your Child's Assessment Data
 - Cyberbullying/Bullying
